CAREER OBJECTIVE

Computer Science graduate with hands-on Knowledge in **Quality Analyst (Manual Testing)** and **Front End Development**. Skilled in programming, problem-solving, and building real-world applications. Eager to grow as a Software Developer by continuously learning new technologies and gaining practical experience while leveraging QA and development knowledge to deliver high-quality software solutions.

SKILLS

Languages: C, Core Java, Python
Frontend: HTML, CSS, JavaScript, React.js, TypeScript
Backend & APIs: Node.js, Express.js, REST APIs
Databases: MongoDB, MySQL
Core Concepts: Data Structures & Algorithms, OOP, DBMS
Testing & Automation: Manual Testing, Test Case Design, Bug Tracking, Selenium, Playwright
Tools: VS Code, Eclipse, Git, Postman, JIRA

WORK EXPERIENCE

WebileApps

Jan 2025 – Present

Vijayawada, India

- Completed 6-month Software Development Training (Jan–Jun 2025) on frontend and backend technologies.
- Worked as a Frontend Developer (Jul–Aug 2025) building responsive web interfaces.
- Currently working as an Associate Quality Analyst performing manual testing and bug tracking.

Key Responsibilities:

- Analyze requirements and design test cases.
- Perform Functional, Regression, Smoke, Sanity, UAT, UI, Responsiveness and Cross-Browser testing.
- Identify and track bugs using Zoho and collaborate with developers to verify fixes.
- Manage testing activities across multiple client projects.
- Assisted in Scrum activities including stand-ups and sprint tracking.

EDUCATION

B.Tech, Computer Science & Engineering, KL University

CGPA: 9.5 | 2021 – 2025

XII (MPC), Aditya Junior College

90.5% | 2019 – 2021

X, Sri Chaitanya Techno School

CGPA: 9.8 | 2018 – 2019

PROJECTS

Library Management System

React, MySQL | [Project Link](#)

Built a system for managing book borrowing, returns, and account management with an admin dashboard for tracking book requests.

Budget Tracker Application

React, MongoDB

Developed authentication and CRUD functionality for managing user budgets and expenses.

Weather Application

React | [Project Link](#)

Developed a weather dashboard using OpenWeather API.

CERTIFICATIONS

AWS Certified Cloud Practitioner

[Certificate Link](#)

Red Hat Certified Enterprise Application Developer

[Certificate Link](#)

CODING PROFILES

LeetCode: 200+ problems solved
